

REMARKS

This application has been carefully reviewed in view of the above Office Action. Claim 30 was indicated allowable. Claims 1-29 have been cancelled without prejudice. Claim 30, upon careful examination, included a redundant element which was a repetition of the prior element. Accordingly, claim 30 has been amended to correct this inadvertent error. It is believed that claim 30 remains allowable upon correction of this obvious error.

In view of this communication, all remaining claims are now believed to be in clear condition for allowance and such is respectfully requested at an early date. However, if the Examiner notes other matters that should be resolved prior to passing this case to issue, an interview is respectfully requested. The undersigned can be reached to arrange such an interview at the phone number below.

Respectfully submitted,
